Dressed in a pair of sweats and a t-shirt, looking like she had just thrown on what she could find but still look cute, Mimi walks down a street filled with older buildings. *I know the place is around her somewhere.* She stops to talk to all the stray animals, sitting down on the side walk and petting the cats until they run off. “Oh, come back kitty.” Getting up and walking some more until she finds another animal to play with. Reading the signs on the buildings, she sings softly to herself. “Now everybody's died so until our tears are dried. We'll drink and drink and drink and drink, and then we'll drink some more. We'll dance and sing and fight until the early mornin' light. Then we'll throw up, pass out, wake up and then go drinking once again.” Finally finding the building she rings the bell under the sign “Otaku Studios.”

“Yes, may I help you?” a male voice says out of the speaker box next to the door.

She jumps back slightly, startled by the speaker box. “Yes, my name is Mimi; I have an appointment for a photo shoot with Daniel.”

“Yes, I have been expecting you come on up.” The speaker box goes quiet as an audible click can be heard from the door as it unlocks.

Entering the building she finds her way through the portrait studio to the private studio on the second floor.

Setting up cameras for the photo shoot, Daniel looks over as she comes through the door. Smiling he walks over and greets her. “Hi, Mimi nice to see you again set your bag down and relax.”

Setting down her bag, she looks around the room noticing the camera equipment already set up around the backdrop.

Hugging Mimi, he gently kisses her cheek. “Do you want to get started or do you need somewhere to change?”

Slightly nervous, she looks around the room again. “I need somewhere to change if you have one, please.”

Nodding he points to the bathroom, as he starts turning on the equipment and testing his shutter control remote.

She grabs her bag and runs to the bathroom, taking a deep breath she gets changed. *I can do this, he is just so cute. I have to do this I need this opportunity.* Pulling her costume out of her bag,

she changes clothes. Checking herself in the mirror, she puts on the last piece of her costume, a pair of black cat ears. Gently she pulls her hair over the hair band the ears are attached to making it look as though she was a natural cat-girl. Stepping out of the bathroom, dressed in a red belly dancer top, that shows off her breast, matching red hot pants, black elbow length gloves, and matching calf-length black leather boots.

Taking a drink of soda, he looks up as Mimi leaves the bathroom. Spitting out his soda, he just stared at her speechless. "Wow, you look...hot"

*My god he is staring at me.* She starts blushing, under his gaze. *I better get this over with.* "Well where do you want me?"

"Huh, what? Oh yeah over here." Snapping out of his trance he guides her over to a chaise lounge in the middle of the cameras, and walks behind the cameras.

Sitting on the chaise she looks over at Daniel. "What do you want me to do now?"

He looks up from behind one of his cameras. "Just look cute for the cameras." *Did he say look cute, I can do that.* Smiling she keels in front of the chaise lounge, hands in front of her doing her best to look cute and was succeeding.

Trying to hide what Mimi was doing to him, he moved behind the desk, working the cameras remotely from there. "That is good Mimi, you look hot, make the camera want you." *Damn she is fucking hot; this is going to be a long shoot.*

She stretches out, across the chaise lounge. *I hope I am doing this right.* As Daniel makes the cameras click away, as she poses on the chaise, turning to face and camera and showing off her assets. She changes poses sitting up on the chaise slowly she spreads her legs for the cameras, giving both the camera and Daniel provocative looks.

Groaning quietly to himself he takes pictures. *My god, she is making me so hot. Does she even know what she is doing?* "Ok, that is enough with the chaise, let's do some without it." Adjusting his bulge behind the desk he stands up.

She looks at him with a sad look on her face. "Why weren't those good enough?"

"Oh no, they were...they were some of the hottest things I have taken." He lets stumble out as he moves the chaise off to the side. "Give me your best cat-girl pose."

She spreads her arms in a come and get me pose fight pose.

Stifling a giggle, he runs behind the camera line and starts snapping pictures.

She changes poses placing one knee on the ground with her other foot flat on the floor giving a come and get me look.

Groaning to himself, he takes the pictures. “Ok one last pose before we take a break.”

Mimi smiles to herself, as she notices his erection. *Let's see how hot I can make him.* She bends over at the waist making sure Daniel and the cameras can see her cleavage, in her sexiest cute pose.

Daniel snaps a couple more pictures as he adjusts again, wishing he could release himself from the pressure of his pants.

Sensing this she makes the next move, “Hey Daniel, I am having trouble getting this pose right can you come help me with it?”

Slowly he gets up and walks behind her, placing his hands on her side. “What do you need help with Mimi?”

She squirms under his touch, “I want this to look sexy.”

Acting like he is helping her get into position he runs his hands up her sides and moves her gently, so one of the cameras is right on her face and cleavage. He snaps a few pictures while he holds her, “How is that, Mimi?”

She grinds back into his crouch, and looks back and smiles.

He sets a timer on the cameras and drops the remote sliding his hands along her back and sides. He gently runs his hands along her belly sliding them up to her chest, massaging her breasts.

Softly she starts to moan. “Oh Daniel that feels good, give me more.”

He pulls her back into him and gently bites into her neck. She moans gently as he nibbles on her ears and neck, the whole time fondling her breasts. He releases her as she looks up at him, and he leans in the kisses her tenderly. He starts slowly with little kisses at first, then with deeper ones, eventually sliding his tongue into her mouth. He probes her mouth bringing her tongue to life and dancing with his.

Gently she rubs his chest as they kiss of what seems to be hours to them. Moans and contented noises escape her lips in between kisses.

He moves one of his hands between her legs. He breaks the kiss and starts biting her neck and nibbling on her ear, as he massages her pussy mound and breast, holding her tight against him. He guides her hand to his crouch, as she looks at him eyes wide. He slides his hands into her hot pants and starts massaging her pussy lips through her panties. As he feels her start to go weak in his arms, he holds her close with his arm.

She kisses him deeply tongues intertwined as she unzips his pants.

He leans his head down letting out a moan as her hand touches his dick.

Seeing an opportunity she leans in and bites his neck and nibbles on his ear.

He gasps as he tries to hold both of them up, he slides his hand beneath her panties massaging her pussy lips. He slides a finger into her pussy. She pulls out his dick, as they both let out a moan, her legs giving out from under her.

He holds her up while with his arms, one hand massages her breast and the other fingers her pussy.

Moaning loudly she moves her hand up and down his dick.

She slides out of his arms and kneels in front of him smiling up at him. She takes his cock into her hand and slides her hand up and down it, before running her tongue over the entire length. She takes him into her mouth, licking the tip of his dick. Looking up at him as his head hangs back moaning, she takes most of his cock into her mouth. She wraps her hand around the part of his cock she couldn't handle. In time, she licks up and down his cock as she runs her hands over the exposed portion of his dick. She grabs his ass as she tries to take all his cock into her mouth, gagging as her nose reaches his skin. Pulling his cock out of her mouth she runs her hand over his shaft as she catches her breath, proud that she took his entire length down her throat. Smiling to herself she watches him.

"Oh god, Mimi I am going to cum." Moaning he grabs the remote for the cameras.

She starts sucking on just the tip of his dick, sliding the rest through her cleavage.

He lets out a long moan as he starts to shoot in her mouth.

She catches one load on her tongue and directs rest to her face and tits.

Trying to catch as much of the scene as possible he starts mashing the camera button as he cums.

Unable to stand any longer he falls backward and lies across the chaise lounge, watching her.

She gets up and comes over to him and kisses him deeply feeding him his own cum. She lays on him grinding into his crotch, moaning to herself.

He grins and picks her up and lays her on the chaise. He removes his shirt and leans in and kisses her deeply, sliding his hand into her pants massaging her clit.

"Oh god, yes! Don't tease me Daniel." Screaming as he fingers her, she removes her shorts and panties.

Grinning evilly he slides up in between her legs. Slowly he makes his way to her pussy, kissing up and down her legs as she goes. Just before he reaches her prize he stops and starts nibbling on her inner thighs, meanwhile, rubbing her clit with his thumb.

She moans and begs, as Daniel makes his way up along her thigh, over the top of her shaved pussy and down to her clit.

Teasingly he licks at her clit, listening to her moan. He then licks his way down her pussy lips and pushes his tongue inside her.

She lets out a sharp moan, as he licks her juices out of her pussy. She clamps her legs around him.

He starts licking from the entire length of her pussy. He makes his way up again licking her clit lovingly licking and sucking.

Moaning and screaming she runs her fingers through his hair.

He takes one final taste of her pussy

She screams clamping her legs around his head cumming on his face.

Returning the favor he moves up to her and kisses her deeply feeding her, her own cum.

They kiss passionately for several minutes; he breaks the kiss and starts nibbling on her neck.

She wraps her arms around him moaning into his ear, "Take me Daniel please take me."

Hearing her say that he bites gently into her neck one last time positioning himself over her. Looking down at her, she notices the fear and desire in her eyes. He guides himself into her with one hand as he pulls her close with the other, kissing her deeply as he enters her slowly. He holds her close to him kissing her neck and ears as he lets her get used to his size.

She holds him tight as the pain gives way to pleasure, amazing herself for the second time that night that she was able to handle his dick. The pain subsides and she starts moving her hips under him, trying to get him to fuck her. Smiling she kisses him deeply. "Fuck me already."

Grinning evilly, he warps his hand around her shoulders and starts thrusting into her.

She pulls him tighter against her moaning in his ear as he thrusts into her.

He bites her neck and nibbles on her ears as he keeps a steady pace.

She moans loudly at first, but then softer, as he starts biting her neck. Pulling his ear to her lips she nibbles on his ears moaning softly. "Harder!" She bites his neck as he picks up the pace, slamming into her. Soon her moans turn into screams as she digs her claws into his back.

Moaning he bites into her neck and shoulder, as he thrusts into her as hard as he can manage.

She moans and screams for more.

He stops biting her and moans gently into her ear, "Mimi, I am about to cum inside you." As she starts to say something, he makes a final thrust into her, shooting his load in her pussy.

She lets out a long moan as he fills her pussy, both of them going weak.

He pulls out of her and there both of them lay on the chaise covered in sweet and cum, too worn out to move.

Daniel awakens a couple of hours later, to find Mimi naked in his arms. He smiles to himself and kisses her softly to wake her up.

She opens her eyes and sees him lying next to her. "Hey sexy, what happened?"

"Well I think we wore ourselves out." He kisses her softly again as he goes to sit up. "I am going to take a shower want to join me?"

She lays there and watches him, and grabs his ass as he goes by. "No I will take one when you get down. I have to be going and we can't risk you getting any ideas."

Cussing to himself he enters the bathroom and hops into the shower.

Relaxing under the hot water he thinks back on everything that happened as he cleans himself up. "My god, she is fucking hot. The things I could do with her."

"What was that, Daniel?" She says as he jumps and looks to see her standing in the bathroom. "Oh uh nothing, just talking to myself. I thought you wanted to take separate showers?"

"I do but I figured while I had you here I could get you to wash my back." She stepped into the shower.

"Oh yeah sure I would love too." Grabbing the soap, he starts slowly rubbing it over her back.

She moans softly as he runs his hands and the soap across her back and up her legs.

He rubs the soap over her ass and in between her legs, attempting to play with her some more.

She spins around and smacks his hand away pushing him out of the shower. "I told you none of that."

Looking hurt he dries off and goes back out into the studio. He covers up in a robe and sits down at the computer going back over all the pictures that had been taken. Realizing that he left the timer on while they slept he started going through and clearing out empty pictures.

Mimi walks out of the bathroom, wearing the outfit she came in with. She walks over to him leans down and kisses him deeply her tongue intertwining with his.

He places his hand behind her head and holds her there as they kiss deeply.

She pulls away grabbing her bag from the floor next to them. "I had the greatest time of my life but I have to go. Call me when we can go over the pictures." She gives him a wink and a gentle kiss as she heads for the door.

He watches her leave and stares at the door for hoping she will come back in, before he returns his attention to the computer screen.
