An Amazing Kid 3

When we got back to the marina it was dark. There were some people staying on a sailboat on the other side of the marina, but other than them the marina was deserted. So we stayed naked and walked to our campsite.

Brad gathered the fire wood in the afternoon so the fire was ready to go. He lit a match and started the fire. In a few minutes it was blazing. I got 3 beers and we grabbed our chairs and sat around the fire.

Chad looked at me and said, what was it you were going to tell me about how close we are as a family?

I smiled at Brad and said, the kid never forgets anything.

I looked at Chad and asked him how much he knew about the early years with his parents and how they met.

Not much, he said.

Well once upon a time there was a junior varsity quarterback and a junior varsity cheerleader. With that Brad shoved my chair with me and my beer over while mumbling something about being an asshole.

Getting up and regaining my composure and licking the spilled beer off my face, I said, where was I...

Seriously that is how they met. Your mother was a very hot looking 13 year old cheerleader and your dad was a jock stud muffin. They started spending a lot of time together. I could tell that she made him horny because his interest in fucking me increased dramatically. He was hard all the time.

On the days that they didn't have practice, I would come home from school and find them trading spit on the couch. Your mom always had to pull his hand out from under her shirt when I walked in.

Your Mom lived 3 blocks away so it was easy for them to spend time together. One Friday night after a big game we came home and were getting ready for bed. I stripped naked like always and so did your Dad. I started to feel Brad up and he said maybe later. I was puzzled but let it drop...literally.

I went to sleep and about an hour later I heard tapping on our window. Brad got up and let Janie in. She had climbed up the trellis on the side of the house.

I suddenly realized that both Brad and I were naked. It didn't matter because Janie fell in Brad's arms and started kissing him. I watched as she ran her hand up his erection and said, it is bigger than I thought it would be.

The next thing I knew, Brad walked with her over to the bed. I was just staring with my mouth open.

Brad said, close your mouth youngster...you act like you have never seen me with a boner.

Brad told me to move over and he began to kiss Janie again. This time he unzipped her shorts and lifted her sweater over head. Suddenly Janie was naked in the moon lit room. She was beautiful. She had small breasts with puffy nipples that were standing up in the chill of the room. Her blond hair came down to her shoulders. She was kissing Brad and holding him against her.

As they were kissing Brad sat on the bed and pulled Janie down on top of him. They continued to kiss and hug until Brad broke the kiss and moved so that he could suck one of her nipples. Janie moaned and whispered that it felt good.

Since Janie was straddling Brad it was easy for him to reach around and begin to explore her crack. I watched as he ran his finger up and down her slit and then the tip of his finger disappeared and I knew he was probing her vagina. I wondered what it felt like.

My cock was so hard it hurt, but I did not touch it because I knew I would explode almost immediately and that would be embarrassing in front of Janie...I am not sure why I thought that but I did.

I watched as Brad probed her. I could see his cock leaking precum.

Janie said, Oh Brad it feels so good. She pulled his face to her lips and began kissing him deeply again. After a moment she pulled back and said, ouch!

Brad you have to take it easy, I am still a virgin, she said.

Brad said you are so wet down there...it feels so good.

He kept up with playing with her vagina and nipples while they kissed. Suddenly Janie started moaning and I am pretty sure from the volume and sounds she was having a climax.

When the moaning stopped, Janie whispered Brad I need you.

I need you too baby, he said.

She asked him if he had protection. He whispered no but that nothing will happen it is our first time. Boy was that wrong.

Janie slid down and was trying to mount Brad's cock. Brad has a very cool looking cock except it leans to the left. I watched a few moments and saw that it wasn't going to work. I took my brother's cock and moved the tip so that it was pointed at Janie's vagina. She felt it and slid down further to take his tip inside her. I couldn't help myself. I kept holding on to Brad.

Brad pushed in until he met the resistance of her hymen.

Brad said I really wanted to pop her...but only if she wanted me to do it. So I waited for her. We kept kissing. I broke the kiss and asked her if she really wanted to do it.

Janie said, yes I do but I am a little afraid. She started kissing Brad and suddenly she cried out when she moved. Janie had mounted Brad's penis all the way. Even my fingers were partially inside her.

Janie looked at me and asked if I believed it. Brad is all the way inside me, she said.

I kind of stammered and said I know.

Janie laughed and said I guess you do. Thank you for the help.

Janie started to ride Brad's rock hard cock. I guess I should have pulled my hand back but no one asked me to. So I kept feeling both of them up. I felt around Brad's cock and found what I learned later was Janie's clit. When my fingers started to feel it, Janie started really moaning and going really fast. She started moaning pretty loud and said fuck me.

Brad rolled Janie over and started fucking her really fast. I saw his beautiful ass in the air and I had to have it. I quickly mounted him and I was fucking him as he was fucking Janie. I could tell from Brad's moaning and the way his ass clamped on my cock that he started to shoot when I mounted him. That was enough to push me over the edge and I filled Brad with my seed. Brad filled Janie's virgin womb full of his seed. The pounding I gave his prostate probably pushed even more of his seed into her womb. It was an awesome moment. The three of us joined as one.

When we all came down from the high of our orgasms, Janie said that was awesome. I knew you guys were close, but this was really a surprise.

Brad laughed and said, I guess we really do everything together.

Janie asked if the two of us have sex a lot.

Brad nodded and said almost every night.

Janie said that's cool, it will be the three of us now.

Brad said baby I am still hard and I need you again. I felt him start to thrust into Janie and I realized that I was still hard too. I stayed plugged into my brother and used my own cum as lube. As he pulled back I penetrated him deeper. We got an excellent rhythm going and soon the bedsprings squeaked as our love making intensified.

Soon I felt the tension begin to build as my orgasm neared. This time I came first and I pounded Brad's butts which pushed him over the edge and he planted his seed deep in Janie's core.

After our second climax both Brad and I lost our erections...at least for the moment. Brad said to Janie I want to turn on the light...I want to see you naked.

Janie whispered okay...I want to see you guys too.

As the light went on I saw the blood on Brad's dick along with his cum and I got worried that something was really wrong.

Brad what is the matter with your dick...it's all bloody, I asked.

It's not a problem Mikey, girls bleed some when they lose their virginity. Get us a wash cloth and towel so that we can clean up.

When I came back I saw some bloody spots on the sheets where Brad's cum and Janie's blood had leaked out of her vagina on to the sheets. He was kissing her again and telling her how beautiful she is. I reached in and washed his cock and dried it while they were kissing.

I thought about it a moment and hesitated. I decided it didn't matter and I reached in and began to wash Janie's labia and dried it.

It turned out that all the kissing and my touching got Brad going again. Brad gently eased Janie back on to the bed. He lifted her legs up and put them on his shoulders. Then he mounted her pushing his rock hard erection to her core.

This time I wanted to watch my brother and Janie mate. He was telling her he loved her as he thrust deeply in her vagina. His well developed cock pounded Janie's cervix and his pelvic bone pounded her clit. Soon Janie was out of her mind with pleasure. It took Brad longer to cum the third time, but when he did it was a beautiful thing to watch. The muscles in his ass flexed again and again as he filled Janie's womb with his seed.

When they finished I was on the bed and I had positioned myself where I could watch Brad penetrate Janie. I was facing Janie and Brad with my rock hard dick pointed at her head. Brad's semi hard cock was still deep in Janie as he watched her begin to play with my cock.

Janie said you know what, as she continued to play with my erection.

Brad said, no...what?

Mikey got to watch us make love...I want to watch him make love to you.

I got up and Brad stretched out on the bed next to Janie. Just like he had done, I put his muscular legs over my shoulders and mounted him. His ass was so warm and tight. I kissed him deeply and played with his nipples as I began to thrust my steel hard cock deep in his ass. The intense feeling of riding my big brother's ass while his beautiful girlfriend watched only made things better. I felt the pressure begin to build. My orgasm was near. It was then that Janie started playing with my ass. At first she gently stroked

it which felt amazing. As I began to build to my climax I watched as she licked her finger. My body felt like it might just explode the feelings were so intense. The next thing I knew, her finger was buried up my ass. That pushed me over the edge. I started moaning and bucking as hard as I could to plant my seed deep in my brother's core. In moments I filled his ass with my seed. I thrust again and again wanting to give him as much of my essence as I could. It was the most powerful orgasm I ever had. When I finished, I collapsed on top of Brad. I was gasping for breath.

Brad whispered in my ear, that was a big time orgasm little man. And then he took my face in his hands and began to kiss me deeply. Janie leaned up and kissed my cheek and whispered, that was beautiful Mikey. Then she alternated between kissing Brad on the lips and kissing me on the lips. The next thing I knew, Janie was deeply kissing me and stroking my ass at the same time.

She turned and kissed Brad while she fondled both sets of balls. This is going to be a very interesting relationship, Janie said. We had no idea how right she was.

I felt Brad's erection between our two bodies. I rolled off of him and smiled at Janie and said, I think your boy has something for you. She tousled my hair as she straddled Brad. I held his erection so that it slipped right in.

Brad grinned at me and said Thanks bro!

This time I watched their faces as they coupled. Janie was on top of Brad and controlling the pace of their mating. They were each looking deeply into the other's eyes. I knew my brother well and this was not just sexual. There were more sparks flying than that.

His fingers stroked the side of Janie's face. He asked her if she knew how beautiful she was. She shook her head no. He told her she was the most beautiful woman he had ever seen. He pulled her to him and their lips met and their tongues danced. Janie's orgasm started moments later and it was so intense that she kind of growled and ground her pelvis against Brad. That was enough to send him over the edge and he climaxed for the fourth time that night with his penis grinding against her cervix shooting his seed directly into her womb.

I got up and turned off the lights and we all drifted off to sleep. We were all exhausted after the game and all of the love making. When we woke up the sun was shining brightly in the window and Brad was still erect and buried deep in Janie. He started to thrust and that was enough to wake her up.

Janie said oh shit Brad it is morning. We are going to get caught.

Yeah I know, but it was worth it. You are amazing.

I gotta go she said.

Well there is no rush, Brad said. There is no way to get out of here with out my parents seeing you. Dad is out front and Mom is in the kitchen making breakfast. We might as well enjoy this.

Brad rolled Janie over staying deep inside of her. His penis was so hard it hurt. He needed to release his seed. Brad began to thrust again and again. The old bedsprings were really squeaking as his hard cock pounded her vagina. He felt her contract around his hard penis as her orgasm started. It looked like the most powerful orgasm she had and Brad responded to the clutching of her vagina on his sensitive penis. He groaned as his own climax began and soon began to fill her with more of his potent boy seed.

As I watched them I stroked my own erection and when Brad went over the edge, I sprayed the two of them with my cum. We were all so lost in our sexual frenzy that we didn't hear Mom come up the steps.

Our orgasms subsided as we heard her say when she was turning the knob, you boys have been going at it all night. It is time to give it a rest...the door opened and she saw the three of us on the bed...I was holding

my wilting boner and Brad and Janie were still coupled with his semi-soft erection...Mom said, Oh my...she just stood there. We heard Dad coming up the steps saying, oh good they're up...Brad have you seen my golf shoes?

Dad walked up behind Mom and said, oh shit this is going to be interesting. Brad stood up and Mom and Dad saw his now soft penis covered only in his own cum and Janie's orgasmic juices.

They both shook their head and at the same time said, no protection...

Son what were you thinking, Dad asked.

Brad's answered, It is the first time Dad. Nothing is going to happen.

Both parents just said, Oh shit!

Mom got Janie a robe and held it out for her. Janie stood up and Mom could not help but notice her son's sperm leaking out of Janie's vagina and a little running down the side of her leg.

Mom said we might as well have breakfast. We all went downstairs to the kitchen.

As the food was passed, Dad asked how many times they had intercourse.

Brad kind of mumbled...and Dad asked him to repeat it...softly Brad choked out the word five.

Dad said what...

I looked at him and in a matter of fact way told him that Brad said five.

Dad just shook his head.

Mom asked when did Janie's last period started.

Janie thought for a moment and told Mom a date that was exactly two weeks ago.

Mom and Dad explained to us that Janie is at the peak of her fertility and that it is very likely that all of Brad's sperm is getting her pregnant right now.

That made things around the breakfast table very quiet. A few weeks later when there was no sign of a period, a pregnancy test proved them right.

After breakfast Brad was very protective of Janie. The parents were surprised at his reaction. Brad was not acting like this was a teenage one night stand.

Brad took Janie in the family room and asked what she wanted to do about going home.

Janie said that her Dad is probably going crazy right now.

Brad offered to take her home, but she said that would only make a bad situation awful.

Chad, who had been staring into the fire listening to the story and quietly stroking his cock through most of the story, stopped and looked very concerned. What happened Uncle Mike? He asked.

It was pretty ugly, I said.

Brad who had been uncharacteristically quiet said, Her father was an awful jerk. I should have killed the son of a bitch.

I explained to Chad that Janie's father raised her. Her mother died in childbirth...her birth. Her father never got over it and never stopped blaming Janie.

What happened when she got home? Chad asked.

Brad moved over beside his son and simply said it was awful.

Chad waited expectantly and Brad was quiet. I knew that Brad still blamed himself for what happened.

Finally Brad cleared his throat and said...

When she walked in her old man went crazy. He was drunk at 11 am in the morning...which was pretty normal for him. When Janie walked through the door, he screamed where have you been slut?

Your mother died for your sorry ass and this is the way you disrespect me. He hauled off with his right hand to backhand her across the face. He was so drunk or so stupid he didn't know he still had the liquor bottle in his hand. When he hit her it shattered and knocked her out. I had followed her because I knew he had a bad reputation. All I heard was her blood curdling scream right before he hit her.

I ran inside. The stupid asshole was standing there with his legs apart trying to steady himself so that he didn't fall down. It was perfect as far as I was concerned. I ran at him and I gave him my best soccer kick right in the nuts. He fell down barfing and screaming in pain. I scooped up Janie in my arms and I ran the 3 blocks to our house.

I could see that her face was cut bad and bleeding. I was really scared. I was sure she was going to die. When we got home, Dad helped me put her in the car and we rushed her to the hospital.

The hospital refused to treat her with out a parent's consent. Dad being a lawyer, called both the police and a friend who is a judge. He had her father arrested, got a restraining order and was appointed temporary guardian.

The x-ray showed a broken cheek bone and they took her into surgery to repair the cuts on her face. I sat with her all night and she was unconscious until the middle of the next day. When she awoke, she was immediately frightened until I told her he was in jail. She started crying and I held her until she drifted off to sleep.

Two days later we brought her home from the hospital. She stayed with us. Mom and Dad knew we were having sex, they just insisted that we use protection...that is until about two weeks later. When her period did not start we gave it a few days. Then we did the pregnancy test and she was pregnant. Now she was really scared, alone and pregnant.

I started doing research and found out that 14 year old boys and 13 year old girls can get married across the state line if they have parent's permission. I was crazy in love with her and nothing was going to keep us apart. I told Mom and Dad that I planned to ask Janie to marry me. Dad started to tell me no.

Mom took him in the other room and said she though we would run away if they didn't allow us to get married. She told him that she thought we were really in love...more in love than most married couples.

So the five of us packed and left for a resort that is right across the state line. We checked in and were taken to our rooms. There were 3 rooms. Dad put Mike and I in a room. Mom said I couldn't be with Janie tonight because it was bad luck to see her before the wedding.

I held Mike tight all night and we fucked a couple of times. I was very nervous and so was he. Mike said to me that he thought that this was going to change everything. I shook my head no. I said it will be the 3 of us instead of the 2 of us.

The wedding the next day was very pretty and Janie looked magnificent. After dinner Mom and Dad said that Janie and I should go to our room. The Bridal Sweet was next door to our old room. Janie and I went up and made wild love until we were exhausted. We both drifted off to sleep.

After a while we woke up and we were just holding each other. She looked at me and asked if everything was okay. I nodded yes but while I was excited there was something missing.

Something is different, I said.

We both looked at each other and laughed...Mikey.

I took Janie by the hand and we both started to go next door stark naked. We went out in the hall and knocked on Mikey's door. I heard him shuffle to the door. I said, its room service. About that time Mom and Dad looked out their door and they both covered their eyes and shook their heads.

Dad ask, what the hell are you doing?

We missed Mikey, I said as another door down the hall opened.

Mikey finally opened the door before we drew a huge crowd.

He was naked and hard as usual. Janie ran to him and kissed him deeply and told him how much she loved him and missed him. In moments we were all in bed.

Mikey grinned at us and said, You guys really missed me???

Yeah we both answered.

Janie whispered in my ear. I nodded yes in reply.

Janie pulled Mike into a very hot kiss and then pulled him on top of her. She told Mike that she needed him to consummate their marriage. Mike gasp as his sensitive penis penetrated his new

sister-in-law. Then he felt the warmth of my tongue bathing his pucker. I did not wait long to penetrate him. Soon the three of us were fucking in rhythm. It was so exciting to fuck my brother while he fucked my new wife. We were all turned on by the new experience.

I began to feel my orgasm build with each thrust. Mike and I increase our pace at the same time. I could feel the heat building in Mike and I knew he was close to orgasm too. I really started to pound his ass with my rock hard cock and pushed to bring on my climax.

I felt the tension increase and knew I was on the edge and ready to explode cum into my hot looking brother. His ass contracted around my erection and that was all it took. We both released our seed at exactly the same moment. Thrust after thrust filled Mike with my seed and Mike filled Janie with his seed. We had never been closer. Afterwards we enjoyed the glow of fantastic sex and we held and kissed each other. I licked the cum and Janie's juices off of Mike's semi hard cock. I realized that I was tasting the essence of all three of us.

Mike started to get hard again. Janie joined me. I licked one side of his erection and she licked the other side. Mike started moaning after a few minutes. It only took a little while for his hard cock to begin to fountain his seed all over Janie and me. We held each other close as we drifted off to sleep.

Brad stood up and said it is one o'clock in the morning. I am tired and I need some hot loving before I go to sleep. Which one of you studs is going to take my load?

Brad did not wait for an answer. He alternated kissing both of us. He led us into the tent and arranged the sleeping bags for a small orgy. By this time we were all on our knees kissing and hugging. Chad hugged both of us and told us how much he loves us. I am really lucky to have two dads. He kissed his dad deeply as I took his beautiful young cock deep in my throat. Chad was face fucking me while his Dad mounted his young ass. We were all turned on by telling the story of the first part of the early days story. Soon young Chad filled my mouth with his seed. That triggered Brad to fill his son's ass with his hot seed. When Chad recovered, he looked at his Dad and said let's do Uncle Mike the way you and Mom did him.

They got on either side of me and began to lick my rock hard penis. The intensity of the feelings had me grabbing handfuls of sleeping bag. Soon I couldn't take it any more. My cum fountained in the air and landed on both of their faces. We hugged and kissed some more and then with our naked bodies entwined, drifted off to sleep.

More to come...
