Boy Toy Next Door

Will picked Trevor up off his knees and kissed the sexy 11 year old passionately. Trevor's mouth was still full of Will's seed. Will probed Trevor's mouth with his tongue until he found all of his seed and devoured it. The sun set and the boy's were tired from the football and wild sex. They went to Trevor's room and played Halo on his Xbox. The boys played video games for about 2 hours. Both of them started to yawn. Trevor went around and found all of his clothes including Will's shorts with the big water mark cum stain on the front.

Will tucked a naked Trevor in his bed and kissed him tenderly. Will was a little worried about what Trevor's parents would think of him sleeping naked. Trevor told Will that he slept naked a lot. Will crawled into the guest bedroom bed naked and turned out the lamp. The boys were soon sound asleep. About midnight there was a terrible thunder storm. Trevor awoke and was frightened. He went to the guest room and asked Will if he could stay with him until the storm was over.

Will held up the sheet and the beautiful naked boy crawled in with him. They spooned tightly and soon Trevor felt Will's stiff member against his hips. Trevor maneuvered himself until he felt Will's throbbing erection pressed against his pucker.

Trevor started to push back and felt Will's man size erection begin to penetrate him. Trevor grunted and groaned as the older boy's member penetrated his tight love tunnel. While it hurt and burned, Trevor loved the feeling of this hot guy being buried deep inside him.

Will loved the feeling of being “plugged in” to the young boy. After 5 orgasms he doubted he could get off another load...but this felt awesome as he shoved his penis deeper in the boy’s hot core. Both boys were lying there totally relaxed as Will’s fingers lightly stroked the sensitive parts of Trevor’s body. As the storm subsided, both boys drifted off into a deep sleep.

About 3 am Greg and Karen Johnson got home from the party. Karen drove because Greg had had too much to drink. Karen said she was exhausted and went to bed immediately. Greg told her he would be in a minute. He said he was going to check on the boys.

As Greg walked to Trevor’s bedroom he wondered if he would get to see he 11 year old son naked. He thought probably not since Will was staying here. Greg opened the door. He saw a pile of clothes on the floor that included Trevor boxer briefs. Greg felt his member as it became erect. As the hall light illuminated Trevor’s bed, Greg realized that it was empty.

At first he was scared and then thought about the thunder storm and decided that Trevor must be in with Will. Greg wondered if Trev was naked.

As the hallway light illuminated the guest room, Greg gasp. Will was half way out of the covers and his naked hips were exposed. Greg couldn’t believe that he was seeing the sexiest boy in the neighborhood almost naked. Greg’s erection was throbbing.

Other than a few of his best friends from middle school and high school, nobody knew that Greg was bisexual. He masturbated to the bisexual stories in Nifty.org and Asstr.org every chance he got. Greg particularly loved the adult youth and incest stories. He longed to act out his fantasy. This situation was a “wet dream” come true. Greg started to massage his throbbing member through his pants as he stared at Will sexy butt.

Greg’s breathing became ragged as he wondered if both boys were naked. Could they possibly be....Greg couldn’t even allow himself to imagine that Will’s hard cock was buried in Trevor’s tender young ass. Greg decided that he had to know.

Greg walked to the far side of the bed where the boys were spooning. Greg gently pulled back the covers and saw the two young naked bodies intertwined. Greg almost climaxed. He lay the covers back so that the naked beauty of the boys was revealed as fully as possible. Will pubis was pressed tightly against Trevor’s magnificent boy butt. Greg was totally turned on by sexy Will naked and pressed against Trevor. Greg desperately wanted to know if Will was penetrating his son. He looked down and Trevor and saw that he had an erection and that was more than Greg could take. Greg unzipped his pants and fished his erection out of his boxers. He stood there looking at the two sexy boys and his hand jacking his penis developed a mind of its own.

Greg thought about finding a way to make Will make love to Trevor. As he thought about that the stimulation of his hand and what he was looking at was too much and thick

ropes of cum ejaculated from his erection. The first load of his seed landed on Will's face and lips. The next two jets landed on Trevor's sexy ass. Greg watched Will's eyes snap open after the first ejaculation. There was something very hot about watching the fear in Will's eyes as he discovered that he was caught molesting a young boy. Trevor woke up and saw his Daddy's erection.

Greg asked Will, "Are you fucking my son?"

Will nodded and Greg told him that he couldn't hear him.

Will opened his mouth and Greg watch his thick creamy semen leak into the boy's mouth. Greg heard kind of a strangled, "Yes sir" from Will.

Greg told Will in a stern voice that he wanted him to show him exactly how he was fucking his son.

Will asked, "you mean..."

"Yes I mean get the little boy up and fuck him properly." Greg told Will as the liquor and lust spoke.

Will was really scared to fuck Trevor in front of his dad, but he was more scared not to. Will was still half hard and embedded in the younger boy. Will felt himself getting rock hard. He began to slide his cock in and out of the younger boy. Greg told him to get Trevor up where he could see what is going on. Will helped Trevor up on his knees with his cute ass in the air. He watched as the older boy thrust his thick boy member in and out of his small son.

Will did a few strokes and stopped. Greg asked him what he was doing. He told Will to fill Trevor with his cum.

Will began to fuck Trevor with long slow strokes. Will watched as Greg got behind him and suddenly Will felt the wet tip of Greg's erection. Greg began to shove his thick throbbing member deep in Will. Will cried out as the thick head of Greg's cock penetrated his virgin ass.

For a few minutes it felt like his ass was on fire. Greg thrust all the way to Will's core. Greg pounded Will's teen prostate. With each deep stroke of Greg's manhood into Will, Will stroked deeply into Trevor. Greg continued to pound the 17 year old boy's ass while his baby boy was taking the thick 17 year old erection to the hilt. Greg was effectively fucking his son when he pounded on Will's ass. Greg was so turned on by having sex with the two boys that he was quickly on the verge of orgasm again.

Greg reached around Will and felt Trevor's erection. Trevor moaned...oh daddy...

Trevor felt his father's fingers intensely massage his boy member. The thought of his own father stroking him was too much and his boy member exploded hot preteen seed all over his father's hand. The contractions of Trevor's orgasm were enough to milk another orgasm out of Will. Will's body shuddered as the intense stimulation from both father and son pushed him to orgasm. He body convulsed with pleasure.

Greg's erection was milked by the sharp contractions in Will's pleasure center when his orgasm occurred. The contractions milked thick cream from Greg's man member. Greg was so excited he could barely breathe.

Greg pulled out of Will and watched his thick creamy semen leak from Will's sacred place. Greg turned Will around and began to kiss him passionately just as he had always dreamed of doing with the sexy quarterback. Trevor hugged his dad and Will. He was fascinated by his father's semi erect member and he began to touch it and feel his father's testicles that produced the semen that made him. The beautiful young boy was fully erect again.

Greg broke the kiss with Will when he felt his son's hands as they felt him up. Greg became fully erect in seconds. He held his son's naked body against him and bent to kiss him. It was a chaste fatherly kiss at first until he felt his son's rigid boyhood pressed against his abs. Greg hands were all over his 11 year old son.

Greg's fingers began to explore the boy's small scrotum and his small orbs fill with immature seed. Greg knew that he needed to taste that seed. He lowered his head and kissed the tip of his young son's erection and felt it throb in response. Greg's tongue snaked out and began to taste his handsome son. The taste of the boy, the smell of man sex and the wonderful scent of boy were amazing aphrodisiacs. Even though Greg had just had two orgasms in quick succession, sexual intimacy with his 11 year old son had his body aching for another orgasm.

Greg continued to suck Trevor and he felt the boy member become totally rigid. Trevor's breathing increased and his young hips began to thrust uncontrollably as the boy's body convulsed with a powerful orgasm. There was only a tiny drop of boy seed left for his father after all of the wild sex with Will. Greg savored the wonderful taste of the tiny drop of essence that Trevor's young body gave up.

Trevor reached over and took his father's throbbing member in his hand and he bent his head and kissed the tip of the man member. He looked up to his father to make sure it was okay. Greg ran his fingers through the boy's hair and Trevor began to suck his father. Greg could not decide what was more stimulating. The wonderful feeling of a small mouth sucking the head of his erection was amazing or the idea that it was his beautiful boy sucking him. It didn't matter. The combination of stimulation was too much for Greg and Will and Trevor heard a deep guttural moan as Greg's body began to convulse.

Greg wanted to warn his son about the flood of semen that was about to erupt in his mouth, but his mouth would not make the words. Greg's body shuddered as the seed raced from deep within his body into his young son's mouth. The first eruption of seed was so wildly pleasurable that Greg thought he might pass out. His hips thrust again and again as he body erupted seed into his little son's mouth.

Will, Greg and Trevor lay quietly on Trevor's double bed. Will put his arms around Greg and hugged him tight against his body. Will could not believe his deep itch for man sex had finally been scratched. As Will held on to Greg's body he wondered if he was gay. He knew one thing was sure. He loved man sex and wanted as much as he could get.

As Will snuggled with Greg and Trevor he wrapped his arms around Greg. Will thought Greg was really sexy. His fingers stroked Greg's chest and trailed down over his abs to his pubic hair still wet with Trevor's saliva. His fingers found the prize. He felt the penis that was still semi-erect. Will reached down and explored Greg's large testicles. They were heavy and Will decided that they must be filled with man seed. Will felt Greg as he became fully erect. Will absently stroked Greg's man member. Greg began to groan and turned to the sexy 17 year old and began to kiss him. Will knew that he wanted to taste Greg's man seed. He lowered his head and kissed and licked Greg's beautiful 7" thick man root. His sex was fully erect and the precum began to flow. As he tasted the flow of Greg's precum, his own penis began to throb. Greg loved the feeling of the handsome boy kissing, licking and sucking his aching member. He felt the tension build in his loins as the stimulation from Will's mouth intensified his need to seed. Will felt the member swell and he bobbed his head furiously and was rewarded with a loud moan and a surge of salty semen.

Greg could not control the wild thrusting. Jet after jet of hot semen erupted into the lips of this sexy, athletic stud. His penis ached as he continued to erupt. As the eruption subsided, Greg hugged Will and kissed the boy. He loved the taste of his own semen on the magnificent boy lips.

The three of them continued to make love until the first rays of the morning sun began to light the room. Greg got up and went quietly to his own room and his wife Jenny saw him crawl under the still neatly made bed. She closed her eyes and wondered about where he had spent the night.

The boys slept until 8:30 am when Jenny looked in on the boys in the guest room. She saw that Will had his arm around Trevor. At first she smiled at Will's protectiveness of Trevor. Then Jenny noticed Trevor's naked hip and leg were visible. The smell of man sex and semen filled the air. She stared at the boys and tried to imagine their sexual exploits. She tried to imagine both of them completely naked. Jenny felt her juices begin to flow. She was just about to put her hand in her shorts. Jenny saw Trevor open his eyes. He gave her a startled and fearful look. She walked across the room and lightly stroked her beautiful son's face. Jenny ran the fingers of her other hand through Trevor's hair. She lightly stroked his naked back. She felt him shiver with pleasure. She leaned down and kissed his cheek. When Jenny stood, she saw Will watching her every move.

Will waited until Jenny left and realized that his shorts were in Trevor's room. He quickly looked down the hall and then dashed across the hall to Trevor's room. He stopped short startled by Jenny standing in the room holding his cargo shorts that he had cum in last night to her nose.

Will stood before her naked and semi erect. She turned and looked at his naked body with no pretense of embarrassment. She studied his boyhood which had suddenly become rigid. Will blushed furiously but made no attempt to cover his privates. Trevor dashed into the room and stood naked before his mother as well. Trevor was also fully erect. Jenny's sexual juices were flooding. She wondered if the boys could smell her excitement.

Jenny stared at the beautiful naked quarterback. His boyhood stood stiff. Jenny so wanted to stroke it with her fingers. Unlike her husband she restrained herself. She reluctantly handed the cargo shorts to Will. She told the boys she hoped that they had a good time last night and as she walked out of the room, she kissed her naked 11 year old on the forehead. Jenny saw that Trevor was exhausted. She told him to go crawl in bed with his daddy.

Jenny was waiting downstairs when Will came downstairs. When Will came downstairs wearing his t-shirt and semen stained cargo shorts, Jenny could see that he was still erect. She asked him if he was willing to stay with Trevor again. Will looked as surprised and quickly told her that he would love to stay with Trevor again.

Jenny looked at the handsome boy and told him that he was welcome at their house anytime. She handed him a handful of cash that appeared to be about three times the going rate for babysitting. He thanked Jenny profusely.

Will wanted to stay longer, but he was exhausted. He turned to leave. Jenny called to him saying, Will...she paused...he turned and looked at her...You have a beautiful body. She told the sexy boy with a smile.

Uhhh...er..thanks... He responded blushing.

When he got home he stripped off the sperm stained shorts and the t-shirt. He grabbed a pair of soccer shorts and fell into bed. His parents must be in church. Will fell into a deep sleep in seconds.

About 3 hours later his mom and dad got home from church and lunch. His mom walked into his room and he was stretched out on his bed sound asleep. He was only wearing a black pair of soccer shorts that bulged obscenely from his rigid boyhood. She stood there next to his bed studying his sexy young body. Will's arm was over his head and she saw the stripe of sandy blond hair in his arm pit. He was about the sexiest thing that she had ever seen. Will's mom could not help but wonder what his rigid boyhood looks like.

She went over to his bed and put her hand on his abdomen to wake him up. When Will awoke, he was startled and he sat up. That caused his mother's hand to fall into his lap directly on top of his erection covered only by his soccer shorts. He looked at her blushing. She was as embarrassed as he was and quickly told him he needed to get out and cut the grass.

Will nodded sleepily and he stood up still semi erect. She watched as he slipped his feet in an old pair of Nikes. He wore them untied.

Will went to the garage and pulled out the lawnmower. He bent over to pull the starter cord on the mower. It was an old mower and sometimes it took many tries to get it started.

Next door Kylee was in her room changing. She had been with Jimmy Thomas. While they were at his house they copped feels of each other's bodies but his mom was home so they could not go any further. She was so horny. She really needed to get off. She was standing there naked. Kylee had a magnificent body.

While she was very sexual, her body was not that developed. Her breast nubbins were very beautiful. Her sex ached as a result of fooling around with Jimmy.

Kylee looked out of her window and saw Will bent over the lawnmower. His cute butt was perfectly outlined in those soccer shorts. His lean tight body looked so sexy as he pulled the starter cord on the lawnmower.

Kylee decided that she could just eat Will up. She decided that she had to get his hot body to her house. That was when the plan began to formulate in her mind. She pulled on an old t-shirt and a pair of short shorts. Kylee slipped on a pair of leather flip flops and headed over to Will's house.

Will was starting to mow the front yard when Kylee came over. Will had always thought Kylee was sexy. She always seemed to have the hots for Jimmy so Will never thought he had a chance with her. He also figured that her parents would freak at the idea of her being with a 17 year old guy.

As Kylee walked down the street Will saw that she was staring at him. As she came closer it was clear that she was staring directly at Will's package. When she got really close she motioned for him to stop.

Kylee had a serious look on her face. She leaned toward Will in a conspiratorial fashion. Kylee explained that she was not sure how to tell Will something. She managed to blush as she said it was real personal. Kylee felt her sexual juices begin to flood.

Will looked real worried and asked what it was about.

Kylee told Will that it was about he and Trevor.

Will looked like he had been struck by a bolt of lightning. How could she possibly know? Will suddenly felt nauseous.

What are you talking about? Will asked defensively.

Well daddy saw you and Trevor in Trevor's kitchen last night.

Will blushed furiously and started to stammer.

Kylee acted like she was thinking about the situation and then looked at Will. She told him her daddy didn't exactly see them...he photographed them. I think he took like 40 or 50 pictures, she told him. They were pretty sexy pictures.

Will wanted to throw up. Here he was caught being sexual with an 11 year old. For the first time in his life he was terrified. His shoulders were slumped in defeat.

Kylee put a hand on his naked shoulder. She told him that she was worried because her dad was talking about calling Will's dad. Will went through a wild range of emotions. His fear was palpable. Kylee almost felt guilty.

Maybe if you talked to him...you know begged him...he might not show the pictures to your dad and the coach.

OH SHIT...the coach...his face was beet red. Oh no...what can I do? Will asked Kylee. I would do anything he asked.

Kylee said she would talk to her daddy and would call him later.

Kylee turned her sexy little body around and headed home. Will was much too worried to even think about how sexy she looked.

Will restarted the mower again. He continued to mow the grass to keep from thinking about it much more. Will was terrified. He thought he would wet his pants as Kylee told him the bad news. The more he thought about it, the more scared he got.

As he mowed the back yard he kept looking at the Oliver's house. Will could not believe that they could see into Trevor's kitchen enough to take pictures. He thought it might be bull shit...but then Kylee knew about it...Oh God...had she seen the pictures. The more he thought about it the more upset he became. Suddenly he ran behind some tall bushes and threw up. Fortunately he had not eaten much today.

Will wiped his mouth. He went back to the lawn mower. His hands shook as he took hold of the handle of the mower again. All of his dreams including a college scholarship might go up in flames.

When Joe Oliver got home from playing golf he found his daughter waiting on him. She hugged him all excited and told him what she had done. Joe felt bad for the boy. He must be scared shitless. Joe could not help himself from getting erect. When he was in college, he had joined the only fraternity on campus that was privately known to still haze their pledges. Some of the things that the active members made them do while they were pledging was unbelievable. Just the first night was humiliating. They took the pledges to the basement of the house and the pledge master made them strip naked to take their pledge oath. He led them into the darkened chapter room where the actives wore black hooded robes. The actives told them to recite the pledge oath. When none of them knew it the actives started to paddle their asses with wood paddles. They were introduced to their "older brothers" who started to teach them the oath. When ever one of the pledges made a mistake, all of the older brother whipped their asses with a leather strap. Joe still had his paddle and strap up stairs and he told Kylee to call Will and have him come over.

Joe dashed up the stairs and Mary Beth could see that his shorts were tented obscenely and the beginning of a precum wet spot was visible. Mary Beth asked Joe what was going on and he explained what Kylee had done and that she told Will to come over.

Joe asked where the paddle and strap were that she used when he was a bad boy?

Mary Beth got them out of the bedside table. Joe kissed Mary Beth passionately and told her how excited he was. Mary Beth told Joe that she had never seen him so hard. She grinned at him and asked him if her bad boy still liked to fuck boys.

He nodded red faced and knew that she would punish him later.

When Will finished the yard and showered, he pulled on some khaki pants and a polo shirt. He slipped his leather flip flops on his bare feet. It was like waiting for the executioner to come. When his cell phone rang it made him jump. He glanced at the caller id and saw that it was Kylee. She told him that her dad was there and waiting on him. Even though it was a cool day, Will was sweating as he walked to the Oliver's house.

Kylee met him at the door and saw how worried Will was. She felt bad for him for a moment, but knew that he needed to be punished. She told him to wait at the front door.

After letting Will sweat for about five minutes, Joe went to the front door to get him. As Joe marched Will to the family room he told him how disappointed he was in him. Joe led Will to the center of the room facing the 50" plasma flat screen. Kylee and Mary Beth were sitting on the sofa that ran along the wall beside Will. They could both see the terror on Will's face. Will's hands shook as he watched Joe step over to a credenza that held a notebook computer.

Will dreaded what he knew must be coming. In high definition the screen was suddenly illuminated with what was almost a life size image of him and Trevor naked and erect in Trevor's kitchen yesterday afternoon. Will groaned and tried to look away.

Will was startled by Joe's booming voice as he yelled, "Oh no you don't...you are going to watch every moment of how you molested that young boy...look at it...I said look at it."

Will shuddered as he looked back toward the screen. Will watched mesmerized as the next image appeared on the screen. He was passionately kissing the naked 11 year old. Joe let the boy study the image for a long time. It gave Joe the chance to check the new software that he had installed that controlled 4 nanny cams hidden in the room. Joe had installed them this morning. He had planned to video himself impregnating Kylee this evening. This was going to be even better.

Joe told Kylee to take off Will's pants and shirt so that he could be punished properly. Kylee's juices were flooding as she dropped Will pants to the floor. Joe watched as all four angles of the action were captured by the video cameras. He smiled as Kylee ran her finger down the outline of Will's soft member in his boxer briefs.

Out of the corner of his eye Will saw Joe watching him while he held something in his hand. Will cringed as he watched Joe slap a large wood paddle with Greek letters carved in the surface of the paddle against the palm of his hand. The room was still except for the sound of the wood slapping against Joe's palm.

Will began to steel himself for the beating that he knew was coming. Will was generally a good boy growing up and other than an occasional quick swat on the butt he had never been spanked. He had certainly never been paddled. We'll see how sexy you think it is to have molested that sexy young boy.

There was something unusual in what Joe had said, but Will was too focused on the prospect of being spanked with the paddle to reflect on what Joe had said. Joe had stepped behind him and now all he could see was the new image on the screen of Will sucking on Trevor's nipples and the fearful looks on Kylee and her mother's faces.

As the next image came up automatically, Will registered that he was sucking Trevor's other nipple. He watched the next few images shivering in fear. They showed him sucking the nipples and then licking his way to Trevor's navel. Will dreaded the next image and rightfully so...

The screen suddenly filled with an image of Will on his knees with his tongue exploring Trevor's boyhood. That is when it happened. The room was filled with the loud slap of the paddle against Will's knit boxer covered hips. Will cried out in pain as much as shock at the impact.

Will dreaded the next image and almost as he had that thought the screen filled with an image of Will sucking the tip of Trevor's boy boner. There was another resounding slap. This continued with each image of Trevor's blow job. Tears leaked out of Will's eyes as the pounding of his ass continued. As the images approached Trevor's orgasm, Will realized that his penis was fully erect. He rightfully feared that his boner would only make things worse. Will was momentarily distracted by a moan from Kylee and he turned to see that she was pinching her own nipple while the fingers of her other hand pleased her clitoris through her shorts.

And then he heard Kylee say, "Oh my god...daddy Will has a huge boner. That was when Will felt the waist band from the back of his shorts being pulled down and hooked under his hips. The front of the waist band was pulled down until its descent was impeded by his erection. Most of Will's pubic hair was visible and the waist band being pulled down only emphasized his throbbing member.

Will's cheeks were rosy red from the paddling. Will heard the anger in Joe's voice as he told Will that he had clearly not learned his lesson. That was followed by the loud crack of the paddle hitting Will's bare ass. Joe knew from experience how to make it make a fearsome sound with out breaking the skin. He knew how to maximize the sting of the paddle with out doing damage.

Will's body was in total conflict. The images on the screen of Trevor sucking his erection and knowing that there would be images of semen splattered all over the young boy's face was sexually exciting. Seeing Kylee's mother with her hand in her daughter's shorts and knowing that she was masturbating the 13 year old girl was sexually exciting. Those vivid sexual images contrasted with the threats from Joe and the constant attack of the paddle on his bare ass. Will was still semi-erect and in danger of the waist band being pulled down to reveal his naked member. As the slide show cycled relentlessly toward the orgasm images, there was a pause in the attack on his ass. Joe's hand roughly grasped his member and scrotum through his boxer briefs.

Joe gruffly announced that Will still found all of this sexy. Will immediately shook his head no but the man's hand on his member told another story. I guess there are only a couple of things left to do. Will watched as Joe pulled his cell phone out of his pants pocket. He saw that Joe was fully erect and the front of his pants were stained with precum. Will's head was swimming, but the next words that Joe said struck terror in his heart.

Joe looked at Will sternly and with an edge in his voice said, "First I am going to call your father and he can come over and watch the slide show with you...probably should bring your mother too. Then I am going to anonymously share this, as Joe held up a thumb drive, with all of the pictures with Coach Randolph.

That was when Will began to cry. Will was so scared that he lost control of his bladder and Joe watched as Will sobbed and soaked his boxer briefs. Soon there was a large puddle of urine on the floor.

Through the sobbing, Will begged Joe not to tell his parents and the coach. He told Mr. Oliver that he would do anything...ANYTHING...if Mr. Oliver would please not tell them.

Joe looked at him and said, "Anything...you'll do ANYTHING."

Mary Beth jumped up and went to get cleaning supplies to clean the urine off of her hardwood floor. She brought a trash bag, disinfectant and a roll of paper towel. Mary Beth started to get on her hands and knees to clean up the mess.

Joe told her no...Let pee pee boy clean up his own mess.

Joe told him to get naked and throw his boxer briefs in the trash bag. Reluctantly, Will got completely naked. He got down and began to mop up his mess. Once he had cleaned up the mess and dried himself off, Joe sent him naked to the garage to put the trash bag in the trash can. There were kids out skating in the street that looked toward the garage windows as he made a run to get back inside. He heard them yell to each other about the naked dude in the garage.

When Will came back in, Joe told him he needed to clean up. He handed him a bar of soap and took him out on the patio. There was a chill in the October air as they stepped outside. While shrubs provided some privacy, Will knew that if someone were looking from certain windows in the neighboring houses, his naked body would be on full display.

Will heard the squeak of the faucet and turned to see Joe holding the garden hose seconds before he was hit with a blast of ice cold water. Joe told him to soap himself up. Will did as he was told as he shivered from the cold and cold water. Joe slowly rinsed off the soap on his front and spent considerable time with the pressure of the spray pounding on Will's balls. Will covered his balls with his hands to protect them but Joe made him move them. Joe then had him turn around and sprayed his back and butt good.

When he finished Mary Beth handed him a towel so that he could dry off.

As Joe watched Will dry off, all he could think about was how much he wanted to fuck this beautiful boy. He needed him bad. There had already been two or three times where Joe almost lost his load with out touching himself.

When he walked back in, Kylee told her daddy that she thought Will was very sexy and she wanted to feel his hard cock in her. Joe hesitated a minute, but he could see how much Kylee wanted Will's hard cock. Joe had never been able to deny Kylee.

Okay...I guess so baby, Joe told her.

Mary Beth spoke up and said, Joe you know she is fertile right now and we don't have any condoms around.

Joe nodded and looked at Will. I want you to make love to my daughter and bring her to a mind bending orgasm, but you may not cum. Joe spread out a blanket on the floor for Kylee and she stretched out and spread her sexy legs. Will could see her juices leaking out of her hot sex. He was instantly rock hard. He got on his knees and he began to suck on her tiny breasts and he fingered her until he had Kylee really hot.

Oh...please Will...now...fuck me. Kylee begged.

Will entered her tight 13 year old vagina. Will was thankful that she was not a virgin because the additional tightness would have probably pushed him over the edge. Will felt her hard clit rub against his throbbing member. The pleasure was so intense.

Oh Will you feel so hot...so deep inside me. Kylee told him as she kissed the beautiful boy passionately.

Will felt Joe begin to finger his pleasure center. Joe couldn't wait to fill this gorgeous boy with his hard member.

Joe dropped his pants and held his stiff member and aimed it at the boy's pleasure center. Will cried out at Joe's thick member plunged deep in his core. Joe's cock was so thick it burned Will like fire. Then Joe began to thrust.

Soon Will began to adjust to the thick monster that had invaded him. As Joe thrust deeply again and again into the boy, the force carried Will deeply into Kylee. Joe's wild thrusting action pushed Will closer and closer to orgasm. Will cried out and told them how close he was. Kylee wrapped her legs around both men as she began to cry out as the waves of her orgasm wracked her body.

Mary Beth told Joe to stop or it would be like the night with Billy all over again.

Will don't you dare cum until I fill your ass with my hot seed.

Mary Beth screamed at him. That is just what you did than night with Billy right before you fucked a load of seed out of him.

Kylee's orgasm had subsided sufficiently to hear the comment and suddenly a lot of pieces fell in place. Billy, her dad's step brother, must have inseminated her mother...but he would have been 11 at the time. Will screamed stop...please stop...gonna...oh shit. Joe slammed his cock again and again until he cried out as he filled the boy with hot semen. Suddenly he felt the boy's ass spasm. He knew immediately that the boy filled his hot daughter with his potent boy seed. That kept Joe's cock rock hard and he kept thrusting deeply in the boy. Soon Joe felt another orgasm coming. He kept thrusting and felt the boy thrusting in Kylee below him. Suddenly all three of them cried out

simultaneously as powerful orgasms rocked their bodies. Will's erection erupted hot seed into beautiful Kylee again.

Joe finally pulled out of the boy and gasped for breath. Will was still hard and deep inside the beautiful girl. She kissed him passionately and begged him to make love to her again. This time plant your seed deep inside me.

Will didn't care any longer what Joe thought. He thrust again and again until he felt the pressure in his loins again. He looked at Kylee and asked her if she was sure. Kylee wrapped her legs around him and pulled him deep in her core. Will thrust forward and held his hard cock tight against her stretched cervix and held it there as he shot rope after rope of semen deep in her womb.

Mary Beth watched the beautiful boy inseminating her daughter and she felt her juices flow to the point where her panties were totally wet. She watched fascinated and slid her hand in her panties and stroked her clit until her body convulsed at the same time her daughter cried out with her orgasm.

Mary Beth looked over and saw that Joe was hard again and she pulled up her dress and pulled over her panties so that he could enter her. Mary Beth groaned with pleasure as she felt Joe's thick member enter her. Both Joe and Mary Beth were terribly turned on at the thought that this handsome 17 year old boy is filling 13 year old Kylee again and again with his potent sperm.

Will tenderly kissed Kylee as they recovered from their powerful orgasms. Kylee kiss Will playfully and asked him to come over tomorrow to make love to her.

Will kissed her again. That is so hot that you want me to get you pregnant. Will kissed Kylee as his semi erect penis held his precious seed deep in her love canal.

She looked at him and told him she hoped it would be a sexy looking boy just like him. Kylee kissed Will again. Will could not believe it but his member was hard again and he began to slowly thrust into the beautiful 13 year old. They were quickly lost in the pleasures of their merging bodies. The feeling of being together as one was so intense neither of them could describe it. Kylee was so sexual she was quickly gasping and moaning with the onset of another powerful orgasm. Will was on the verge but his sexy body was not ready to release his seed yet. Kylee was in full orgasm and Will was still on the verge. No matter how hard his thrust his member into her young sex his body would not give him fulfillment. Kylee screamed with the pleasure his powerful thrusting was giving her. He felt her flood him with her juices. He kept ramming his erection deep in her core. Kylee's orgasm continued leaving her breathless and begging for mercy. Her clitoris was too sensitive to touch but Will's pubis kept thrusting against it. Soon Kylee was in the midst of another powerful orgasm. Their bodies were covered with a fine sheen of perspiration and Joe thrust his finger in the boy's pleasure center. He quickly found the prostate and massaged it intensely until the teenage member erupted thick creamy semen deep in his daughter's aching sex. The pressure on his prostate

caused his boy member to erupt copious quantities of his potent semen. Will felt his stiff erection stretching her cervix to deliver his hot seed to her womb.

They lay on the floor joined as one as their combined juices flooded her young girl sex. Their entwined bodies were so beautiful joined in post orgasmic bliss. Will's young body was spent sexually. He gently rolled off of Kylee and lay on his back gasping for breath. Mary Beth crawled across the floor and positioned herself between her daughter's legs. Mary Beth began to lick and suck Will and Kylee's essence from her daughter's sacred place. Almost instantly Kylee's ultra sensitive clitoris became erect. It stood out proudly begging to be kissed and sucked. Soon Kylee was moaning as another powerful climax started to build.

Joe moved over to Will and began to cleanse the boy's sex with his tongue. Joe loved the taste of his daughter and when that was combined with the taste of the boy seed it became one of the world's great delicacies. Joe licked and sucked until Will had another raging erection. Joe lifted the boy's exhausted legs over his shoulder and entered the beautiful young stud again. Joe was so turned on again that he immediately began to thrust wildly and loved the feeling of the Will's hard member grinding between their bodies. In no time Joe pumped another load of his essence deep in the core of the sexy boy.

Will practically crawled out of the Oliver's front door. The combination of the wild range of emotions, the raw fear and wild sex totally drained the boy.

When he got home his family was gathering at the table for dinner. He avoided getting too close to them knowing his mother's sensitive nose would pick up the scent of raw sex on the boy. He told them that he wasn't hungry. He went to his room and stripped off his slacks and polo shirt. That left him completely naked. His mind told him to get under the covers but his body just fell back on top of the bed. Will immediately fell into a deep sleep. His dreams were a wild composite of the sexual adventures over the past two days.

Rob and Sally had coffee after dinner while Eric and Haley went up to do their homework.

Eric thought he would say hi to his brother and opened the door quietly in case Will was on the phone with one of his friends. Eric always secretly hoped to catch his older brother naked. Will was very modest around the family and Eric only caught infrequent glimpses of his brother's magnificent body. As he approached Will's door, Eric felt his 13 year old member as it began to fill with blood. If only he could tell Will how he felt about him. Will would kill Eric if he ever found out why Eric was always the last one downstairs for breakfast.

One morning Eric was running late and needed a pen. He ran in Will's room to see if he could find one. Will's desk was right beside his bed and Eric looked down and saw a wadded up Kleenex in the waste basket. Eric picked up the Kleenex and held it to his nose. He was in heaven. It was the unmistakable smell of man seed. Will opened the Kleenex and saw that it was still filled with Will's thick creamy semen...globes of it. Will

must really cum a lot, he thought and he touched his finger to Will's potent essence. Eric was so hard he almost came in his pants from the light friction of his underwear. Eric knew he had to run or he would miss the bus. He stuffed the sperm filled Kleenex in his jeans and ran down the steps. Will had a study hall 2nd period and he ran to the restroom and found an empty stall at the end. He closed and locked the door and dropped his jeans and boxers to the floor. He already had a raging erection. He pulled the still soggy Kleenex from his pocket and sniffed his brother's essence as he wildly stroked his member. His orgasm came very quickly and Eric added his own seed to the Kleenex. Eric reverently folded the soiled tissue and put it in his pocket.

Eric saved the tissues and there were many. On many mornings Eric learned that Will must orgasm just before he runs down stairs because the seed is still warm and creamy. Eric had recently started licking the fresh seed from the tissue...if only he could taste it from the source.

All of those thoughts raced through Eric's mind as he adjusted his stuff before opening his brother's door. Haley was just starting to walk out of her room when she saw Eric adjust his package. She wondered why Eric would have a boner before going in Will's room. She watched Eric open the door and peek in. She saw the surprised expression on his face. She saw him quietly enter the room and since he seemed to be totally unaware of her presence, she snuck across the hall to see what Eric was doing.

Haley wondered if the two boys were doing sex stuff. She knew a lot of her 11 year old friends had walked in on their older brothers while they were making seed. She was envious. She had barely seen either of her brothers naked much less doing sex stuff. She would love to get a good look at their boy stuff. It was real quiet in Will's room. As she stepped to the doorway, she saw Eric standing beside Will's bed and Will sprawled out on top of his bed naked. She knew she should leave but could not tear her eyes away from Will's throbbing erection that stood straight up.

Eric was oblivious to everything but his awesome looking naked brother. He rubbed his throbbing 13 year old member through his jeans as he studied Will's erection. Eric noticed that Will smelled funny...cum and more. His pubes were still wet. He wondered what Will had been doing. Eric's hand developed a mind of it's own. He was pulling down his zipper and pulled his boner out of his boxers so that his hand could pleasure it.

Haley could see Eric's arm moving and she wondered if this was the mysterious process of making seed that her friends had described. If only she could see better. Eric stared at Will's erection as he felt the tension build in his loins. He reached out and grabbed a tissue from the box beside the bed as he felt his body on the verge of climax. Haley stepped into the room to get a better view and a floor board squeaked as she stepped on it. Eric twisted his body to see what caused the noise just as the first jet of semen erupted from his penis. Haley and Eric watched mesmerized as the rope of thick boy seed over shot the tissue and flew end over end and landed on the hardwood floor. Eric blushed furiously as he looked at Haley. There was no way he could staunch the flow of semen that erupted from his boy member. Haley could not take her eyes off of her 13 year old

brother's eruption of semen. As it stopped, she turned and rushed back in her bedroom fearful of Eric's reaction. Eric rushed across the hall while trying to stuff his still rigid and sensitive penis back in his jeans. When he got to Haley's room the head of his penis was still partially exposed.

Haley blushed furiously and started to apologize. Before she could get the words out of her mouth, Eric pleaded with her not to tell. They looked at each other stunned.
