

Naked Life Part 2

I could not get my mind to think of anything else, all I wanted was to experience more of what had happened to me at day camp. I walked around with a constant hard on and I was in a daze. I experienced something more wonderful than anything else in the world. It would now control me for the rest of my life. I never wore clothes when I was in my room, I wanted to be naked all the time.

I was in my room one afternoon and my parents were gone. I got naked and walked around completely hard. I discovered a window in our game room that was facing the street and I stood there naked and a car drove by and I noticed a woman look up at me and the shock on her face when she saw me naked. I jumped back afraid I would get into trouble. Adults scared me, I was worried she would tell my parents, but it never happened. The window was now a place for me to be naked and show myself, I decided to only show myself to kids as I thought they would not tell on me. I would find excuses to stay at home and get naked and sit by the window looking for opportunities to show myself to people. Some times it would be hours, I would sit there jacking off and no one would go by. I found Saturdays were best for kids out playing and usually several would go by, most of the time they would not notice me up in the window as they passed by. I came up with the idea of opening the window and making a noise as they passed to get their attention. This worked and I had several shows to kids. I found that the boys would usually look more and stop and point or laugh as the girls would just walk faster and go by. So I started to just show myself to boys.

After a few weeks I would get boys coming by just to see if I was there and they would bring other boys to see me too. I would stand there naked and jack off for them in the window. Sometimes they would sit down on the curb and look at me for a long time. This was so exciting. I loved this so much, and realized that the boys in the neighborhood all knew about me now and when I would be out they would whisper and point at me. I was excited to know they all knew but a bit scared as I didn't want my parents to find out what I was doing. One day I was jacking off in the window and some older boys about 13 or 14 came by and was talking to the kids who were watching me jack off. They pointed up and I got nervous and ducked out of site. They kind of saw me and kept watching, I jacked and got the courage to stand up again, and jacked off in front of the older boys. One of the boys picked up a rock and threw it and broke the window. They ran and so did I, I was so scared and my parents would be so mad. But nothing ever happened and they just thought it was an accident.

I was getting bored with my window and the boys were not coming by as often anymore. I needed to do something else. I thought of ways to have boys see me naked or jack off. I wanted to explore being naked outside more too.

I went to the mall and was so horny, there were so many boys in the mall, the game room was packed. I wanted to just walk up and pull out my cock but I knew it was too risky. I was walking and I noticed the photo booth and I got an idea. I went inside closed the curtain and took off my clothes. I sat there totally naked with just a thin curtain between me and hundreds of people in the mall. I stood up on the bench and took several photos of my hard cock. It was so exciting. I could hear some people outside waiting for their turn and I just sat there and jacked off until I orgasmed. I got dressed and left, I got my photos and

they were good, you could totally see my hard cock. I took them in to the arcade and would put them on a game and stand back. Soon they would be discovered and kids would laugh and pass them around, all the time I was watching and knowing it was my cock they were looking at. One girl screamed when she saw a photo, and people gathered around. Finally the manager got the photo and called security. I was so scared I left. I realized then I had to be more careful and not get caught. This taught me to plan out things a lot better.

The next thing I really remember is when I got fascinated with boys cocks. I was in the mall again and had to take a crap. I sat in the first stall and noticed a small hole in the wall; I looked thru and could see the urinal. It was the short one where all the kids pissed. I saw a boy walk up and pull out his cock and piss, oh shit I was amazed, I had never really seen another cock besides mine. I think I sat there for two hours the first day, looking at boys cocks as they pissed. I became fascinated with them, and I loved to watch them pee. Now I was in that stall in the mall every chance I could, sometimes for hours. I loved to look at boys cock and the different sizes and shapes. I thought about touching them and even thought about sucking them like the boys on the bus said. I wanted to see and do more with cocks from that point on, but I was so afraid.

Jasper.

I was at my house one Saturday and my parents went to my uncle's house to visit, I got out of going and stayed home. As soon as they were gone I got naked. I opened the curtains to the window in the game room and sat down and jacked off. After an hour a young boy about 6 was outside on a bike. He stopped to tie his shoe on the sidewalk outside the window. I got excited and got closer to the window, I made a loud cough noise and he looked right at me. I was so excited to see his reaction to seeing me naked jacking off in the window. He just stood there for a long time watching me. I finally orgasmed and stepped back. The kid stayed there. He moved closer to the window. I got hard again really quick and jacked off peaking around the curtain at him. He saw me and waved to me, I waved back. He came closer. Now he was just outside the window. I got so excited I stepped from around the curtain and stood in the window. My cock throbbed and he looked right at it. I jacked off again slowly and he reached into his shorts and pulled out his tiny cock, I was shocked to see it. A car drove by and I was afraid they would see the kid outside my window. I ran out of the game room and to the front door. I opened the door and said, hey come over here kid. A few seconds later he ran over. He was now in front of me, I was naked hiding behind the door. Hi he said! Hi back I said. He just walked in to my house and looked at me naked and smiled. I shut the door, we just stood there looking at each other. He was short long blond hair, brown eyes and very cute. He had on red swim shorts and a tank top. I looked at how smooth his legs were and how cute he was. Im Jasper he said, oh um, im Kaiden I said back. Why are you naked he asked me? I had to think. Well because it feels good to be naked and I like it I said. Oh, Jasper said back. Then he took off his tank top and pulled down his shorts and underwear together. He kicked off his shoes and pulled off his socks too. He was now naked in front of me. I was shocked and just stood there looking at him. I noticed everything about his body. It was so smooth and firm and tan and wonderful. I got so hard looking at him. My mind raced I did not know what to do, he was a young gorgeous boy standing naked in front of me with a small erection. I dropped to my knees and reached out and hugged him. As I did he squeezed me tight back, it felt so wonderful. I could feel him all over. I

let go and stepped back and stood up. I was trembling with excitement. I grabbed his hand and pulled him in to the living room. We both sat on the couch facing each other. I started to jack off again and he just watched, I looked at his cock and it was growing again, he reached down and tried to copy me, he was just kind of rubbing it. Here I said, let me show you how to do it. I reached over and grasped his small cock with my fingers. It was so smooth and soft and hard, I trembled. Jasper smiled and spread his legs wide and pushed his cock up towards me. OMG this was heaven. I jacked him slowly and watched him react to it. He totally got into it and licked his lips and closed his eyes, ahhhhh he moaned. He pushed up and down as I jacked him. Soon he was close to his first orgasm and his leg muscles tightened and he shoved up high and shook as he came. Shit that was hot. I just made Jasper orgasm and he loved it. Without saying a word he grabbed my cock and jacked me off. It was rough and awkward but it worked and I orgasimed in no time, the feel of his hand on my cock was wonderful. I at that moment fell in love with Jasper. I looked at his smiling face and I started to cry. He looked at me puzzled and just sat up on his knees and hugged me again. I cant believe this was happening to me. I leaned over and kissed him on the lips. God they were soft, I did it again and held it there for a minute.

Jasper said he better go or he would get in trouble. Ok I said sadly. He got dressed and I grabbed him and hugged him tight for like 5 minutes before he left. I walked out with him and he yelled "Hi Mommy" I saw his mom by his bike and got scared. I thought I was in trouble. Hi Jasper she said. We walked over and she said hi to me. I hope he didn't bug you she said. No No I said back. This is my new friend Jasper said. Oh hi she introduced herself. Im Kaiden I said. She told me they just moved in a few houses down and was happy Jasper found a friend as he was really missing the home and friends they just left. Oh well he can come over any time I said, she smiled. Great! Listen I have to go to the store, can he stay here with you for an hour or so? Um, Sure I said. Jasper smiled big and jumped up and down. We both laughed. Ok thanks she said and left.

Holy shit I thought. Is this real? I looked at Jasper and he said, Can we play again? Sure I said, he jumped up and down and stripped off all his clothes again so fast. I just stared at him. Come on take off your clothes he yelled. He pulled at my shirt. Ok OK I said laughing. Come on, I pulled him up to my bedroom. He jumped on the bed and jacked his small cock. I like this he said. Its fun! He was so cute sitting on my bed naked. I took off all my clothes again and sat next to him. Hey Jasper, you can never tell anyone about this ok? Ok he said. Please I asked again. I won't I won't, he said frustrated. I can keep a secret he said. I smiled and kissed him on the lips. He pushed me off and said, this is how my mommy does it with her boyfriend, he leaned in to me and shoved his tong in my mouth. Oh Shit, this was hot. He moved it all around in my mouth and I tried to do the same to him. We kissed like this for about 20 minutes, my mouth was all numb after awhile. I looked at the clock, we had about an hour and a half alone I guessed. I just held him tight against me and felt him breath. I love you I said. He just squeezed me tight. I sat up and looked at Jasper. He was so beautiful, I took his cock in my hand and jacked him, then I had to try it, I leaned down and took his cock in my mouth, omg it was great! He squealed and pushed up in to my mouth. I kept sucking for a long time, I loved the taste and feel, I thought about the boys calling me a fag and a saying I liked cocks, and I realized they were right. I was a fag, I did like cock, I loved it. I loved Jasper. Soon he orgasimed and pulled my hair and head into him. I tried to sit up but he pulled me back on his cock. I kept sucking him for another 30 minutes. I heard the door open and my parents were

home, I heard yelling and heard my cousins running up the stairs, I pulled Jasper off the bed and into the closet, we barely made it before my two cousins busted into my room. My uncle and his kids, Steve and sam twins came back with my parents. Steve and sam were 12. Jasper and I were now in the closet and my cousins were in my room messing around. I hugged Jasper tight and felt excited about being naked in my closet with a young naked boy while my cousins were in the room just feet away from us. Jasper pushed me down to his cock again, and I got the hint. I started to suck him off again. It was so exciting. He orgasimed and made a slight noise, what was that I heard sam say? IDK Steve said, they were on my computer. We listened to them talk and sam asked his brother Steve if he thought I was a fag? My heart raced. They talked about me jacking off in the window and about the camp incident. So it had spread all over about the stuff I did. Fags are grouse Sam said, Yah Steve said back, but I would let one suck my cock, yah me too said Sam. I bet it feels real good to get sucked off, they both laughed. Yah we should make Kaiden suck us off, lol Jasper heard everything too. I was excited, scared and horny all at once, I thought about sucking my cousins and about all the stuff I did. Everyone knew. It was true I was a fag, and I loved sucking Jasper and I was excited listening to my cousins. I guess I was what they all said I was. Sam and Steve went to a porn site on the computer and got all excited, look at that, shit I need my cock sucked so bad Sam said. Jasper whispered in my ear, Do it! He pushed me out of the closet and I fell on the floor. He hid in the back of the closet. Sam and Steve turned around to see me naked on the floor with a stiff cock. They stared and I grabbed my cock and jacked off. Oh Shit Sam said. I looked at them and just said, can I suck your cocks? Before they could answer my mom yelled from down stairs, boys is there a Jasper up there? I froze, His mom is here we heard. Oh shit I said, come on Jasper. He bolted out of the closet naked and got dressed, so did i. We barley were dressed when our parents walked in. My cousins just sat there in shock. Thanks Kaiden for watching him, ok I said, he left with his mom. Dang I was so busted by my cousins now. The parents left and it was quiet for a few minutes. Come here Sam said, he and Steve walked outside in the back yard, we jumped the fence and walked thru the woods to the baseball field. I just followed. We went in to the dugout. Once inside they pushed me into the back wall. Your such a fag Kaiden! I knew it! Now you're going to suck us or we will tell everyone and your mom about all the sick shit you do and about that naked kid in your closet. But, SHUT UP Sam yelled! Get your clothes off. I slowly stripped, ha-ha look Steve said as he pointed to my stiff cock, he is a fag! They pushed my down on the bench and Sam pulled out his cock and stepped up to my face, I stared at his cock, it was huge and had hair on the base. Yah Fag now you will get a real cock and not some baby cock, they laughed. Steve stepped up and pulled out his cock too, both boys were hard and right in my face. When I saw the two cocks in front of me I went into a trance and lost all my cares. I was about to suck my cousins cocks in a baseball dugout totally naked. The two cocks were about 5 inches long, the biggest I have ever seen. My heart raced, I saw a small drop of liquid on the tip of Sams cock and I leaned to it and licked it off his cock head. It was great, I took his cock in my mouth all the way, he throbbled and a glob of pre cum poured in my mouth, it was slick and wonderful. I realized that my cousins could probably cum. I looked up at Sam and asked if he was going to cum? Hell yah he said, in your faggot mouth. They both laughed. I was excited to know I was going to get my first taste of cum.

I lost control and jacked my cock as I sucked my cousins cock. Oh shit yah, he said. Fucking suck it! I got excited and knew he was going to cum soon, I worked on him for a few more minutes and I felt him throb and shake. He shot the first load of cum in my mouth. It went in and I orgasimed right then,

feeling a boy shoot cum in my mouth sent me over the edge. I felt it shoot again and I swallowed the liquid in my mouth. It was so wonderful. I loved it. He shot a few more times and pushed me off. I was so horny I jumped on Steves cock fast and sucked him hard. He came in my mouth after only a few minutes. It felt just as great. I had sucked cock and ate cum. I loved it. I was a fag! I sat back and jacked off as my cousins put their cocks up. Fuck yah fag you will suck us whenever we want now huh? I shook my head yes. The both laughed at me and got up and left. I sat there and jacked off, still tasting the cum in my mouth. I was hooked on it. I knew I would do anything for cum. I realized they had taken my clothes. I was naked in the dugout, hard cock, horny. It was still light outside and I sat in the dugout jacking off. I saw something move and noticed it was Jasper, he was walking towards me. I was ashamed. He had heard everything and knew all about me. He got to the dugout and just hugged me. I started to cry. Jasper stood up and took all of his clothes off. He got down and put my cock in his mouth. I was shocked. I lost it. I gave in. He sucked me to the best orgasim I have ever had. Lets go to my house he said, but, our clothes. It will be fun is all he said. I left the dugout with Jasper, both of us naked. As we walked we heard voices. It was three boys playing soccer in the last field. I stopped but jasper pulled me by the hand. We walked up to the field the boys were playing in and he stopped and pulled me down to my knees, he kissed me like we did at the house, with touns and excitement. I knew the boys would see us any minute. Soon they did. They laughed as they came over to us. Oh look I heard its Jasper, I had played soccer with these boys last year. Oh shit he is a fag. They laughed. I felt Jasper kiss me harder. Then he suddenly pushed me off to the ground. Hey he said to the boys. Jasper is a fag and wants to suck your cocks. The boys laughed. Seriously he said again. Hey Kaiden he said, I looked at him. You're a fag and love to suck cock huh? I shook my head yes to Jasper. Well here are three cocks you can suck. They laughed. Tell them Jasper said to me, he looked at me in a way I could not resist. I looked at my friends and said, Yes I love to suck cock, can I suck you guys please I asked? Do it Jasper egged them on. I looked in one of the boys eyes and could tell he wanted it bad. They were all around my age 10 and 11 and only dreamed about sex. I knew he would give in as I looked in his eyes. The boy said where? Shit we had them. I was going to suck three more cocks today and I was so excited. I pointed to the dugout closest to us. We all went over there. Jasper looked up at me with excitement in his eyes. He smiled. He had made this happen. He wanted to see me suck the boys cocks. We got to the dugout and I sat on the bench. Jasper pushed one of the boys towards me. He stood in front of me. I reached up and unzipped his pants and pulled out his cock. It was semi hard. I licked the head and he jumped. I took it all in and sucked him slow until he orgasimed. I sucked the other two boys as well. They both got off. As I was sucking the last boy, the first boy I had sucked had to pee, he stood to my side and pissed on the bench. I felt his piss splash up on my legs and on my side. I pushed out my hand as he was pissing and felt the stream on my hand. I turned it over and cupped my hand and it filled with warm boy piss. It was a great feeling, Without thinking I put my piss filled hand on my cock and jacked it. I orgasimed right then, a boy cock in my mouth and a handful of warm boy piss on my cock. It was so hot. The last boy orgasimed in my mouth and pulled out, they all left quickly. I was numb, tingling. I felt piss under me and knew it was from the boy who pissed on the bench, I slid over and sat in the puddle of piss. My ass was soaked, I put my hand in it and spread it on my legs. I realized Jasper was watching me. He smiled. He got on his knees again and took my cock in his mouth. He stopped and put his hand in the puddle of piss and rubbed my cock until it was soaked, then he took my cock in his mouth again. Shit he liked the piss I thought. He had watched me play with the piss and knew I liked it. I was looking in Jaspers eyes, he

knew everything about me and even helped me get what I wanted. It was amazing. And then he stood up on the bench, stepping in the piss. He got close to me and pushed his cock in to my mouth. I sucked him for about 30 seconds and he released a flow of warm piss in my mouth. I was shocked but realized what he was doing and swallowed it. He was making me drink his piss and it felt so hot. I swallowed it all, gulp after gulp. I loved it right off. He pulled out of my mouth and pissed the last bit on my face, then he got down and kissed me, tongue in my mouth trying to taste his own piss. He stopped and got up. I was shocked. He was totally in control of me and he was 6 years old. Who was this kid?

We walked towards his house, it was now getting dark. He told me he had snuck out and watched me suck my cousins off. He said he liked to watch me do it. I thought about all the stuff I did and got hard again, Jasper noticed and laughed at me. We got to his house and it was full of people, he said it was a family reunion. We looked from outside and saw all of the people thru the windows. He pointed to his room and we walked up to the window, inside were 4 boys, his cousins, one 10 one 12 two 13 and one 16. They all went to eat supper and we crawled into his room, he got dressed and went to eat. He pushed me into his closet. I got in and sat down.

I sat in the closet and soon heard a rumble coming up stairs. It was Jasper and his cousins, come on hurry one said we don't have long. I saw Jasper strip naked and get on the bed. He laid on his back and scooted to the end of the bed. The oldest cousin who was 16 pushed down his pants and I saw the biggest cock I have ever seen. It was 7 inches. He put lube on his cock and pulled Jasper towards him. He lined up and shoved his cock into Jasper all at once. The 13 year old got naked and got up on the bed, he sat on Jaspers chest and pushed his hard cock in to Jaspers mouth. I watched Jasper get fucked at both ends and he was enjoying it. The boy in his ass said, im close, he pulled out and traded places with the 13 year old boy, he shoved his cock in to Jaspers mouth just as he started to cum. Jasper moaned and swallowed it all. The boy in his ass pulled out and got back on his chest, just as he came in Jaspers mouth. The 12 year old got naked and stuck his small cock in Jaspers ass. The 10 year old got on Jaspers chest and said hurry here it comes. He pushed his cock in to Jaspers mouth and dry orgasimed. then the boy in Jaspers ass said here it comes you faggot, and pissed in Jaspers ass as he was to young to cum. The boys all got dressed and left the room. Jasper laid there on the bed looking dazed. He looked at the closet and motioned me to come out. Please help me he said, He turned over on his stomach and pulled his ass cheeks apart. I knew what he wanted. I got down and looked at his sloppy hole. He pushed up towards me, I leaned down and licked his ass hole, he leaked out some of the 12 year olds piss, I licked it up. I went back down and stuck my tongue in his ass. He slowly leaked the boys piss out as I swallowed it. It was so hot. I now knew where Jasper learned to be so sexual. His cousins used him like a toy. I hugged him and we kissed again. Jasper sat up and grabbed a small cup, he then spit the cum from the two older boys in it, he had held it all this time, he handed me the cup. I looked at it, It was slimy and smelled strong, I closed my eyes and sniffed it. As my eyes were closed I felt Jasper take my cock in his mouth, I lost it and dumped the cup of his cousins sperm and his spit in my mouth, I washed it around a few times before I swallowed it.
